our attention to the number of true bills found with reference to the blind tigers in this county. While of course he could give no details as coming W SMOAK - Business Manager informed that 100 cases could have the bringing in of "ringers" could be gooded in some other manner. We ly as 15. There are no open brothels of dens of inquity, but it is the help

> against bringing the dispensary back into Anderson county, not for busiess reason against ft so much as because we realized that it would be injurious to the interests of the farmers of the money to pay his college expen-Anderson county. We are doing all that we can to encourage, assist and urge the development of the rural life of this country and we believe most sincerely that to re-establish the dissensary would bet to cause sorrow broughout our rural districts, where there would be drunkenness and cursing and probably homicides on the

But let us be fair. One of the arguments used to get the people to sign this petition that was circulated that the poor man can get his." So far as we are personally aware the "rich" men of Anderson county are on the atreet and ask you for a quar-

has been made that some people can major league possibilities. All those get liquor more readily than others. Men at Anderson, now is the time to today resilize that the collège baselowest minimum. The sheriff's ofbecause their every move is noted by the boot leggers. But why cannot the cussing this phase of the game; citizens themselves get together and organize a law and order league and mey to employ men to other counties why not try it here?

Three hundred men of purpose and handed into a law and order league. can keep this county almost dry of the sale of liquor by the boot leggers and blind tigers who carry their stuff around with them in bottle, at would be the same way, so far as their conhas had declared war on Great duct, if the dispensary were here, only it, would not be noticeable with the ounty selling liquor to blindtigers. who would make it into more liquor with the ame of tobacce and and other

ng that the great harm is not alone in the selling of the liquer, but in the subsequent and attendant evils. The men drunken on mean liquor will get' into a game of "akia" and will commit all sorts of crimes and misdeamore. Among the other things that have been known to happen is the setting affre of valuable bodies of wooded lands; the killing of half a dozen or more negroes in the last year. These things are demorallizing to farm labor the law abiding citizens of the county. ernor Colquitz it was understord, was we call upon the men in the county the collegion is that he knows pretty will debasing, whether Texas would who are most sleeply interested in this well the best rules for keeping in proposition to take it up and organize for their own protection and for the who fall to keep in condition. I have no use for players

of a Philadelphia lawyer all the time. Itst is pruned of names placed there Spain had 200,000 men in Cuba, and there were not be home soil. Took us law reased by J. H. Acker is not postent in going slow against the beautiful that it is. We believe that there will be no election, and even if there should be it will not result in the diapensary being put back upon the

It is therefore squarely up to the too trues of a patriot to turn down opponents of the dispensary to do something to show that they mean business and that they mean to keep Auderson county as dry as possible.

And if those Due Westers came ev-

ment of Mexico from Madero to Huerdrop Senorita Molina at once and ne er see her again." to a young American was in the cap-Stanford acted upon neither of thes ital of that country to see what was to alternatives at once. Indeed, he never intended to act upon although it them. But one day he called on file encountbe seen. Paul Stanford was wealthy ness or profession. He spent his time ress during her absence from home, wherever there was any excitement and Sandoval's suggestion came bias-ing about bis ears like a bumblebee. During that tong period when the Balkan states were preparing to resist their masters, the Turks, Stanford was there watching the preliminary movetions which set out from Bulgaria.

And now when Mexico was in a fursoll he was observing the struggle

work he does is to figure to beat a bunt among the various factions. One day while dining at a restaurant he made the acquaintance of a Mexican who sat at the same table with him. Senor Jose Sandoval offered to show the American the sights of the capital and piloted him from one curiosity to an other, thus acquiring his fervent friendship. Then Sandoval offered to introduce his new acquaintance to some of the Mexican ladies. Stanford assented and was taken to call upon Senorita

Stanford's -w were not added to beginn he was listed to spend all his time will Spanies air:

"Well said Sudwist ore her and time after the introduction want you tillule of the schools I take and you called a will!"

"She is very faschation but it is but at the "Unsatisfactory?" What do you mean whether she is fooling me for a pur-pose or whether she has given me a

bit of her heart," Sandoval looked at the American crutinizingly. Explain, he said.
"There is something about her that makes me distrust her?" replied Stan-"Well, then, why do you not take

pains to learn something about her?" "Observe when she goes out; then go into her louse and-well, look about
